

4/2/18

Dear Bryna,

I just wanted to reach out and say thank you again for everything! I know my circumstances were a little different because when I started the course I was already so far along in the home buying process. This course answered a lot of questions I had running through my head as I was about to become a first-time home owner. The most eye-opening things I learned had to do with my credit score and how that works, I was able to go home and share some tips with my wife on how to bring both our scores up! With all the paper work and legal mumbo jumbo that goes along with buying a home this course made me feel more confident in the decision I was making. On top of all that I also would like to say thank you for going out of your way to help me with the handling of breaking our lease as we moved out of our apartment. I know that was not apart of the course I was taking but you still helped me none the less! I would highly recommend everyone takes this course even if they are not sure about buying a home!

P.S. We closed on our house last Friday!!!

Thanks again for everything!

Luke Hickey
